## Digital Restoration of Old and New Photos

### Risk Free Photo Restoration and Alteration

#### HOW IS THE PROCESS RISK FREE?

*It is risk free in two principal ways:*

1. **The original photo is not altered in any way.** Indeed, arrangements can be made to ensure that the original never leaves the client's possession. The image is digitized and all alteration is performed on the digital image.
2. **The client pays nothing unless satisfied with the restoration/alteration.**

## HOW DOES THE PROCESS WORK?

**STEP 1:** Agree on the scope of the work to be performed and the pricing. **Payment is due only if work is satisfactory to the client.**

Restoration of:

Minor Problems	\$15 - \$25
Moderate Problems	\$25 - \$50
Major Problems and/or Alterations	\$50+

**STEP 2:** We will restore the photo pursuant to client specifications. We will provide the client with a proof print of the restored photo for client review.

**STEP 3: If client accepts** the digital restoration, we will provide the client with both the digital file for the agreed upon fee and, if requested, with photographic prints of the file.

**If the client does not accept** the digital restoration, simply return the proof print to us and there is no further obligation.
